### Weave styles

Each pattern can be woven with the hair from several horses. The weave can have several colour "fields", for example every stripe can be done from different horse or colour.

Please indicate on the ordering form, which pattern and colour combination you wish to have.

All the hair must be of required length. In general, the hair should be as long as possible. It is always easier to work with if it is long. The rule of thumb is that the hair should be 50cm plus the length of the item. For example, if the bracelet is 17cm, the hair should be 70cm.

### Measuring

The neck is measured at it's lowest point. Please provide us with the exact measurement. We will add to it to fit comfortably.

Wrist is measured at the wrist bone. Please provide us with the exact measurement. We will add to it for comfortable fit.

For the ring we need the finger size and the unit. Ring size standards vary from region to region and we prefer to have the diameter in millimeters. Any unit will do, but please let us know which unit you use.

Please send your completed order form with the hair you have collected to the following address:

Caracole  
7, rue des Roses  
57690 Flétrange
